Dear Michael and Mrs. Mendez,

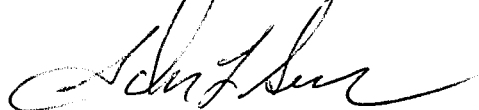

I recall our visit in June of 2007 with you well, your comfortable home and the warm smiles from each of you. You were gracious to invite us in and listen to the reasons that the majority of owners had in the effort to improve our community at Hillcrest Bay. You may recall that I was at your home with Robyn Stein, the then secretary of the Hillcrest Bay Homeowners Association. We thank you for your early support of what many think is and important opportunity to drastically improve the Hillcrest development.

I am deeply concerned that you now see our effort to explain the details of this to you, as one of coercion and that you were coerced my me into supporting it. That was never my intent. We of course were hopeful that with more information, you would be supportive.

I am very sorry that you feel that I came across in a coercive manner. On behalf of Robyn and myself, I sincerely apologize to you and to Marie. I hope that you will accept this heartfelt and well meant apology.

Thank you for reading this.

I wish you both a fulfilling Christmas and peace and health in the coming New Year.

John Sears
